■ Operation

1. Pair the remote to receiver

The remote controller needs to be paired to receiver to work. User can pair up to 5 remote controllers to one receiver and each single remote controller can be paired to any receiver.

To pair a new remote to the receiver, please operate with following two steps:

1). Cut off the power of receiver and power on again after more than 5 seconds.

2). Hold press remote ⏻ and ▼ key simultaneously and briefly within 10 seconds after receiver powered on.

After this operation, the remote is paired to the receiver and ready to work.

2. Adjust color

For working with multi-color receivers, user can double click the ⏻ key to adjust the color.
